

Mahakala form

Raw form of Mahakala

Form is 44 cm in height, made of Zellan (ceramic plaster), painted with high quality acrylic.

You can choose from below, which form example you prefer (see next pages). The pattern will be copied. There can always be slight difference to the original.

Realization time: it is to establish, mostly it takes about two till four months to finish one project.

Price:

- painted in full color of your choice: 3200 Euro
- painted in black and gold: 2400 Euro
- eventual postage costs

For both options copper plate is included, for closing back of the form after traditional filling
